# Hanna Al Frangi

*React & React Native Developer*

hannafrangi.hf@gmail.com · github.com/hannafrangi · linkedin.com/in/hannafrangi · Lebanon

## SUMMARY

React.js and React Native developer with 2+ years building scalable, production-grade web and mobile applications. Experienced in architecting multi-role systems, admin dashboards and SaaS products for real clients. Comfortable owning full project lifecycles from requirements to deployment, currently studying for an MSc in Computer Science.

## EXPERIENCE

**Junior Software Developer, TheBooker** Feb 2024 to present

- Web applications and interfaces in React, built for scalability, performance and security.
- Mobile applications and interfaces in React Native.
- Building and integrating admin dashboards and panels, working closely with the team on requirements.

**Freelance React Developer, Self-employed** Jan 2024 to present

- Custom web applications for clients, scoped with them from requirements onward.
- Ongoing maintenance, updates and support after launch.

**Robotics Instructor, RoboStars** May 2023 to present

- Robotics and programming lessons, workshops and boot camps (Lego WeDo 2.0, EV3 Mindstorms, Scratch).
- Robotics and tech education for kids with special needs; technical support for instructors and students.

## PROJECTS (SOLO)

**RoboStars: landing page and admin dashboard** Next.js

- Custom landing page focused on clean UX, SEO and responsive design.
- Admin dashboard managing sessions, tutors, marketing and gallery, with role-based access control across user types.

**Reevu: restaurant review SaaS** React

- Two separate dashboards: per-restaurant review management, insights and analytics; super admin oversight, listings and moderation.

**SMS Cleaning, HomeRoots Interior, Corban Catering** React, Vite, Next.js

- Client landing pages with SEO-friendly structure, performance and image optimization, and mobile-first layouts.

## SKILLS

| | |
|---|---|
| **Frontend** | React.js, Next.js, Vite, JavaScript (ES6+), HTML5, CSS3 |
| **Mobile** | React Native |
| **Product** | Admin dashboards, CRUD interfaces, role-based UI, responsive design |
| **Quality** | On-page SEO, Lighthouse, performance optimization, cross-browser compatibility |
